

Pranjal Ghimire

Kathmandu, Nepal | +977-9862961535 | pranjalghimire12345@gmail.com | pranjalghimire7.com.np

Professional Summary

Data-driven BIM student and aspiring Data/ML Engineer skilled in Python, SQL, Scikit-Learn. Experienced in building end-to-end data pipelines, performing EDA, and deploying machine learning models via interactive web apps. Combines a strong background in REST API development and data ingestion to transform complex datasets into actionable, intelligent solutions.

Technical Skills

Data Analytics & Science: Python, Scikit-learn, Pandas, NumPy, Matplotlib, Streamlit, Jupyter Notebook, Exploratory Data Analysis (EDA), Statistical Analysis, MS Excel, Power BI, Tableau

Databases & Query: MySQL, SQL, PostgreSQL

Web & API (Supporting): Node.js, Express.js, REST APIs, JavaScript, JWT, HTML/CSS

Marketing & Analytics Tools: Google Analytics, SEO, Social Media Marketing

Developer Tools: Git, GitHub, Postman, VS Code, Microsoft Teams, Google Workspace

Projects

Customer Shopping Behavior Analysis

Python, MySQL, Tableau

- Cleaned and analyzed 3,900 customer transactions in Python (Pandas), then wrote 10+ SQL queries in MySQL to uncover revenue trends, customer segments, and subscription behavior.
- Built an interactive Tableau dashboard and delivered data-backed recommendations on customer loyalty and discount policy.

Heart Disease Risk Prediction App

Python, Streamlit, Scikit-Learn

- Conducted exploratory data analysis (EDA) and feature engineering on a dataset of 918 cardiovascular patient records to predict heart disease risk with 88% accuracy.
- Developed a full-stack ML application in Streamlit, optimizing pipeline performance with Scikit-Learn preprocessing, feature scaling.

Experience

UBA Solutions – A Monotype Partner Company

April 2025 – June 2025

Full-Stack Intern

Lalitpur, Nepal

- Designed and optimized MySQL database schemas and queries to support efficient data storage, retrieval, and reporting across web application features.
- Engineered and optimized secure REST APIs using Node.js and Express, improving backend data pipeline performance, scalability, and response efficiency.
- Performed comprehensive API testing and data validation using Postman, ensuring data integrity and accuracy across application endpoints.
- Contributed to Agile workflows including code reviews and sprint collaboration, maintaining codebase integrity through Git and GitHub version control.

Fonepay

June 2025 – Nov 2025

Student Ambassador

Lalitpur, Nepal

- Won the Fonepay Tech Back Challenge, outperforming top candidates through analytical problem-solving and teamwork.
- Represented Fonepay at technical events, driving brand engagement and data-backed challenge solutions.

Pathao Nepal

Jan 2026 – Mar 2026

Campus Ambassador

Kathmandu, Nepal

- Analyzed user feedback metrics to deliver actionable insights for platform and service improvements.
- Managed campus campaigns and evaluated engagement data to optimize user acquisition strategies.

Certifications & Achievements

Data Analyst Associate

DataCamp (2026)

- Validated core competencies in exploratory data analysis, data management with SQL and Python, statistical experimentation, and business metrics visualization.[cite: 1]

The Fundamentals of Digital Marketing

Google Digital Garage (2023)

- Mastered core online marketing concepts, including search engine optimization (SEO), web analytics, content strategy, and digital campaign optimization.

Fonepay Tech Back Challenge – Winner

Fonepay (2025)

- Ranked among top performers in a high-competition technical challenge, advancing to the finals through demonstrated analytical skills, technical depth, and creative problem-solving.[cite: 1]

Education

Tribhuvan University

2022 – 2026

Bachelor of Information Management (BIM)

Kathmandu, Nepal

Trinity International College

Higher Secondary (+2) – GPA: 3.62 / 4.00

2020 – 2022

Kathmandu, Nepal
